**DARK WATERS – The New CD!**

**DARK WATERS** is Alyssa's debut album as a singer-songwriter. With eleven original songs and one hauntingly beautiful instrumental arrangement of a favourite Joni Mitchell tune, Alyssa weaves dark beauty and saucy humour into a tapestry of cello and voice, accompanied by some of Ontario's finest session musicians.

*a superb CD!*

DAN REYNISH, **CBC Radio**  
Host/Producer, *Saskatchewan Weekend*

*It touches me deeply level upon many hidden levels... you have an almost supranatural facility with archetypes and insights.*

*Thank you for doing something so great... and so great for women as well.*

DAVID ZUB, singer-songwriter, music reviewer

*What a smashing surprise! ...I expected something pleasantly new-agey. What I got was MUCH better — ballsy in parts (*The Other Side, Catherine, Beautiful Lies*) and wonderfully anthemic (the last track).*

RICHARD FLOHIL, music promoter
